What is *Service Plus*?

Service Plus is an innovative customer service program that offers personalized, in-depth service to contract customers. The program adds a new level to our partnership through one-on-one service between our direct sales force and your purchasing department, supervisors and operators.

AR has been offering unique service benefits to the pulp, paper and related converting industries for over 30 years. We provide solutions to solve your challenges. Combining our technical expertise and direct sales force capabilities enables Adhesives Research to meet the dynamic challenges you face every day. Not only do we offer the latest in splicing technology, but we separate ourselves from other suppliers by offering the service you deserve.

Features of Adhesives Research's Service Plus Program:

Splicing Seminars and Technical Training

Adhesives Research's technical representatives conduct seminars and technical training sessions at your site to address new splicing technologies and techniques.

Splicing Tape Audit

Our technical representatives will conduct a detailed analysis of your splicing requirements. Based upon this information, we will recommend ARclad® tapes to optimize splicing performance and eliminate costly machine downtime.

24-Hour Trial Evaluations and Analysis Reports

During ARclad® splicing tape trials, our technical representatives are available around-the-clock to work with each shift, if necessary.

R&D Testing Services

Our research and development group offers a wide array of specialized testing services to help you determine the answers to difficult splicing applications.

Free Trial Samples

We provide your facility with free splicing tape samples for initial trialing.

Technical Assistance Within 24 Hours

When a question or concern arise, technical representatives from our research and development group are here to help. We will respond to your request within 24 hours.

E-mail Order Acknowledgements

Once you place an order, we will acknowledge it within 24 hours, guaranteed.

DISCLAIMER OF WARRANTIES
